## "Brother, here's a smart television!"

A. The latest features are yours in a Magnavox® 25"-diagonal stereo color TV. Select contemporary or traditional style and get a universal remote control, Smart Window and Bilingual Displays from one of the most trusted names in electronics. The remarkable Smart Window Picture-in-Picture system lets you watch two televised programs at the same time or view a

taped play-back (with action freeze) on one screen while monitoring a live broadcast on the other. A VCR is required to use Picture in Picture system. The universal remote control operates the TV, practically all VCRs and cable converters. Choose Spanish or English for the multi-color on-screen displays in the menu format tuning system. Plus, you'll hear your favorite shows broadcast in dynamic hi-fi stereo sound with a built-in MTS decoder. Audio/video patch panel with AV inputs and variable audio outputs. Also features 178-channel cable capability, 120-minute sleep timer, random channel access, programmable scan tuning, and channel reminder option. High-performance picture tube. Limited warranty. Made in USA. (D)
